Printer-friendly format 3M[™] Highland[™] Vinyl Insulated Snap Plug SPV14-156L

This terminal has a wire range of 16-14 and .156 a stud size. 10 bags per case (50 per bag).

GTIN(UPC/EAN) : 0 00 54007 70342 6 3M Id : 80-6105-8855-2

Additional Information

This terminal has a wire range of 16-14 and a stud size .156. It has case quantities of 10 bags per case.

Characteristics			
Agency Approvals	UL and CSA		
Barrel Style	Butted		
China RoHS - Below MCV	No		
CSA File Number	LR22190		
EU RoHS Compliant	No		
Fastener Orientation	Male		
Insulation Material	Vinyl		
Pad Width	0.156 Inch		
Terminal Style	Bullet Snap Plug		
Terminal Type	Disconnect		
UL File Number	E23438		
Wire Gauge Range	14 to 16 American Wire Gauge (AWG)

Installation Information

AWARNING

Turn power off before installing or removing terminal. All electrical work should be done according to appropriate electrical codes.

UL Listed and CSA Certified for use on stranded copper (AWG) wire only.

Strip away the end 3/8 inch of wire insulation.

Make the crimp in the proper station of a recommended 3M crimp tool: TH-440, TH-450 (scissor style), or TR-490 (ratchet style) hand tools.

Barrel Crimp (Electrical)

Engineering Specification

Crimp-Type Snap Plug Connectors shall, electrically and mechanically, connect permanently to a prestripped end of a stranded copper wire; and have a round tongue portion for mating to a Snap Receptacle in a separable, reusable manner.

The connector line shall offer tongue variations (0.156" and 0.180" diameter) and barrel variations in wire (AWG) size (22-18, 16-14, 12-10) and construction (vinyl insulated, nylon insulated with insulation grip). The separable connectors shall have regulatory agency coverage (UL Listed, CSA Certification).

The vinyl insulated 0.156" Male Snap Plug shall be tin-plated 0.030" thick copper, with a tongue tapered from 0.156" diameter and a butted seam barrel covered by a molded vinyl funnel entry sleeve, color coded and sized for a specified (AWG) wire range (22-18, 16-14).

Insulated separable connectors shall be UL Listed and CSA Certified for 600 V building wire: 1000 V signs or lighting fixtures (luminaires) and temperature rated 221°F (105°C) maximum.

The separable connector formed by the paired Male Snap Plug and Female Snap Receptacle may require a suitable strain relief to prevent accidental separation.
