

Straight Wall Containers

- Reusable shipping, storage, and work-in-process containers.
- Straight walls provide efficient internal and external space usage.
- Solid-sided containers have smooth inner walls for easy, sanitary cleaning.
- Mesh-sided containers allow hot or cold air ventilation.
- Injection-molded from high-density polyethylene.
- Available in 4 sizes and 3 styles.
- Color: Gray.

All sizes stack together for efficient pallet packing and trailer cubing.

Solid or mesh sides.

One-inch wall thickness

Open .72 x .90 mesh pattern allows high visibility and good airflow

Strong, 1" wide, stacking rims and external ribbing provide added strength

Straight walls provide efficient cubing in trucks and on pallets

Handholds on all four sides provide an easy grip from any angle.

Dollies available to transport containers. See pages 36-37.

Economy Bins

A large bar code label area make content identification simple.

- The only small parts bin that can nest and stack.
- Help organize work areas and expand storage space without adding shelving.
- Versatile Economy Bins make full use of shelf depth on 12" or 18" deep shelving and stack to fill space between shelves.
- Sturdy one-piece construction is water, rust, and corrosion-proof.
- Unaffected by weak acids and alkalis.
- Molded from co-polymer polypropylene.
- Guaranteed not to crack or break under normal load conditions as stated in our 1-year limited warranty.
- Autoclavable up to 250° F
- Available in 5 sizes.

Unique post & rib design allows the bins to stack and nest
 Tapered corners keep small parts from becoming trapped
 Stacking posts allow same-width stacking
