

## P-Touch® Labeling Systems

# PT-7500

Commercial & Industrial Labeling Tool

---

## Main Features

---

The PT-7500 is a rugged handheld portable commercial and industrial labeling tool designed with innovative features like a bright, backlit display and Brother® smart technology, to help you to always be prepared to label virtually any application on demand in the office, or out in the field.

Brother® smart layout feature helps save you a lot of time by selecting the right layout that fits your application and automatically setting up the options for you. Brother® smart tape sensing detects the tape size and automatically selects the proper size font and determines the final label size. With just a few key strokes, you can just type and print a label!

Prints durable laminated labels in 5 sizes, up to 1" wide. Use the library of industrial symbols for industrial signs and commercial labels, or add a barcode for marking assets. Comes with strap, AC adapter, tape and carrying case.
