

Small Metal Enclosures
**Aluminum
Instrument Case**

Design Features

- Strong and stylish extruded aluminum body with plastic front and rear bezels
- Removable front and rear panels with protective film allow for easy scratch free machining
- Adjustable locking aluminum and plastic handle allows for multi-positional carrying and bench top use
- Extruded internal grooves for horizontal mounting of circuit board, chassis, or panel
- Four scuff resistant antiskid feet; front feet feature foldable bails
- Finish: Earth tone powder coated body with light brown plastic bezels and natural aluminum panels; handle is light gray plastic and anodized aluminum
