T4334M 07	Size 7	130mm 5/8"	100mm 4"
T4334M 08	Size 8	130mm 5/8"	100mm 4"
T4334M 09	Size 9	130mm 5/8"	100mm 4"
T4334M 10	Size 10	130mm 5/8"	100mm 4"
T4334M 11	Size 11	120mm 43/4"	110mm 41/4"
T4334M 12	Size 12	120mm 43/4"	110mm 41/4"
T4334M 13	Size 13	120mm 43/4"	110mm 41/4"

The extra deep sockets can reach nuts through which bolts protrude.

The HD Comfort range of screwdrivers have blades manufactured from chrome vanadium or chrome molybdenum steel. This gives them extra strength over regular steel, meaning they can take more force without twisting.

Triton ESD Screwdrivers

The Triton ESD and Xonic ESD ranges of screwdrivers are designed for use in areas where Electro-static Discharge is required.

The handles are comfortable to use, and allow torque to be applied to the screw where necessary, without damaging sensitive components.

Triton ESD and Xonic ESD screwdrivers from C.K tools are designed to be used in Electronics assembly and maintenance applications. Their electrostatic discharge properties make them ideal for use with sensitive components, whilst the handle has been designed to allow torque to be applied to the job in hand. The tips are precision machined to ensure super fit with the screw.

4725ESD ESD screwdriver Slotted

DIN 5264, ISO 2380

Item Number	Ø			
T4725ESD 03	3mm 1/8"	75mm 3"	0.5mm 0.02"	70mm 23/4"
