

### 3008 HSS step drill

Item Number	100mm	76mm	10mm
T3008			

This tool allows to centre, drill and deburr sheet metals in only one working process. HSS Steel. Self-starting tip, dual flute construction for less drilling pressure, faster drilling and longer tool life. Contoured shaft with 3 flat surfaces for safe fit in drill chucks. Suitable for non-ferrous metal, stainless steel and plastic materials. Material thickness: ST 37 steel 2mm, Stainless steel 1mm, Non-ferrous metals 5mm. For sizes 6.0, 9.0, 12.7, 15.2, 18.6, 20.4, 22.5, 25.4, 28.3, 30.5mm. \*Working length.

### 3009 HSS step drill

Item Number	80mm	58mm	6mm
T3009			

Same as T3008. For sizes 4, 5, 6, 8, 9, 10, 11, 12mm. \*Working length.

### 3010 HSS step drill

Item Number	69mm	47mm	6mm
T3010 1			

Same as T3008. For sizes 6, 8, 10, 12, 14, 16, 18, 20mm. \*Working length.

### 3010 HSS step drill

Item Number	100mm	76mm	10mm
T3010 2			

Same as T3008. For sizes 6, 8, 10, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30mm. \*Working length.

## Bit Holders

### 4558/70 Direct drive E 6,3. – loose & carded

DIN 7427

Item Number	58mm	9.6mm	loose
T4558			
T4570			carded

For Power Drivers. For 1/4" Bits C 6,3. Stainless steel sleeve.

### 4558B/70B Direct drive E 6,3. – loose & carded

DIN 7427

Item Number	58mm	9.6mm	loose
T4558B			
T4570B			carded

For Power Drivers. For 1/4" Bits C 6,3. Brass sleeve.

### 4564SDS/DSC Direct male drive SDS-Plus® – loose & carded

DIN 7427

Item Number	74mm	loose
T4564SDS		
T4564DSC		carded

Stainless steel sleeve. For drivers: AEG, Bosch, Black & Decker, Baier, Hilti etc.

### 4564E/EC Direct drive E 6,3. – loose & carded

DIN 7427

Item Number	51mm	loose
T4564E		
T4564EC		carded

The Quick-Lock system allows easy handling, correct fit of bits and quick bit exchange. For drivers: Airetool, Aro, Atlas-Copco, Bosch, Black & Decker, Deprag, Makita, Metabo, Ingersoll, Skil etc.

### 4563/1/5 Magnetic bit holder Big – loose

Item Number	60mm	for round head screws
T4563		
T4565		for flat head screws as from Size 2
T4565 1		for smaller flat head screws Size 1

2 Magnets extra strong. A superb bit holder with outstanding features, that will save time and money. eg: A kitchen fitter on average fixes 1000 screws per week. The T4565 can save him 20 seconds per screw, that amounts to approx. 5 hours per week.

- Extra strong hold of bit and screw in horizontal and vertical positions. eg: overhead, particularly for fast and repetitive screw fixing when working in wood, concrete, steel and metal.

3 patterns for all standard screws with flat and round screw head incl. self tapping, anchor screws, extra long and extra heavy patterns.

- Adjustable; lockable chuck. Safe and flush fitting of bits in screw heads prevents slipping and tilting. TECHNICAL DETAILS:
- Direct drive E 6,3, for 1/4" hex bits C6.3.
- The in core magnet holds and magnetise the bit.
- The ring magnet at the tip provides additional magnetic power direct to the screw head.

• Display packed. (Supplied without screwdriver bit).

T4563 – Round head screws (pan head, round washer head, wafer/lethe head etc). Black colour code.

T4565 – Flat head (T20 and equivalent). Red colour code.

T4565 1 – Smaller flat head (T05-T15 and equivalent).

Silver colour code.

### 4515 Angle driver

Item Number	1/4" hex
T4515	

Essential tool for changing the drilling angle when using power tools, as well as allowing drilling in confined spaces. This product accepts 1/4" hex drive accessories.

### 3060 Damaged screw remover Clipstrip & counter box

Item Number	damaged screw clipstrip	6
T3060-CLIP		
T3060-CBOX	damaged screw counter box	12

Easily removes damaged screws. Contains all screw head types. Use with reversible drill. Pack contains 2 sizes for screws 6 – 10 & 12 – 14.

### 4519 Quick Change Chuck system

Item Number	quick change bit / drill set
T4519	

Ideal product for every drill user. Simple, quick change of drill accessories by click release. Swap from drill to screwdriver bit with our re-chucking, thus saving time and effort. 3/8" hex shaft. 27 piece set contains most popular sizes of bits and drills in handy storage box. Containing one each of Quick change Chuck - Bit holder - Bits - 4, 5, 6, 7mm Slotted. Drill/Bits - 2 x 3/32" (2.5mm) / PZD - PZD 1, 2, 3 - PH 1, 2, 3. 2 x 1/8" (3mm) / PZD. T10, 15, 20, 25, 30, 40. 1 x 5/32" (4mm)/PZD - Hex 3, 4, 5, 6mm.
