

19492 - METER, STATIC FIELD, DIGITAL

Technical Documents

TB-3040 - Digital Static Field Meter

Features And Benefits

- **Portable Meter for Testing of Electrostatic Fields**
Measures surface voltage and polarity on objects up to ± 19.99 kV at a distance of 1 inch.
- **Durable Dissipative Housing Design with Membrane Switches (NEW)**
Protects meter from physical damage and minimizes wear.
- **LED Range Finder**
Red ranging lights help operator to place the meter at the correct distance from the object being measured
- **Hold Button**
Allows the measurements to be retained for easy reading, and extends battery life
- **NIST Calibrated with Certificate**
Calibrated with accepted procedures and standards traceable to the National Institute of Standards and Technology. For more information on calibration of Desco products, see [Calibration](#)
- **Made in America**
This item is made and stocked in [Chino, CA](#)

Estimated Shipping Weight: 0.58 Pounds

Additional Accessories:

- **Conductive Plate**
[19441 Conductive Plate](#) to measure the offset voltage and discharge times of air ionizers
- **Human Body Model (HBM) Test Fixture**
[19448 Personal HBM Test Fixture](#) to approximate electrical charges generated on the human body while walking or moving
- **Test Kit Upgrade**
[19440 Test Kit Upgrade](#) includes Charger and Conductive Plate
