Improve your quality control and reduce operator eye fatigue with this 5 inch illuminated magnifier. The scratch-resistant polycarbonate housing holds the distortion-free glass lens and a 22-watt circline fluorescent bulb that provides 360° of shadow-free light. A 45" long spring-balanced arm glides into position at the touch of a finger and stays put to deliver light where it's needed most. 5 year warranty. UL listed. Made in USA. Available Colors: Black, White, Beige, Pearl
