

Item # T1151AB T1100/C1100 LCD Hour Meter/Up or Down Counter

**T1100/C1100 LCD Hour Meter/Up or Down Counter**

ENM's new series T1100 hour meter module features a 6-digit, 7 segment LCD display. The accumulated hours or counts are stored on powerless non-volatile data backup using CMOS EEPROM technology, where small space and reliable instruments are required with memory that does not rely on a battery. Both meters are ideal for pc board design and/or maintenance applications. Hour meter module displays hour glass and decimal point.

**Specifications**

<b>Voltage</b>	4.5-28 V DC
<b>Case</b>	Round case
<b>Reset</b>	Yes
<b>Display Digits</b>	6-Digit
