

**TT320SM RIBBONS**

Due to various settings in printers, the different label types and variations in ribbons, each material must have its own specific ribbon. For instance, when ordering HellermannTyton 822 material labels, please specify and use the ribbon that is configured for the 822 stock. In this case, it would be the TT822 ribbon. In addition, this ribbon must be used to have the Underwriters Laboratories recognized mark on the 822 material.\*

\*Does not include 822C material

Black ribbon (L) & Blue ribbon (R)

**Product Selection** *All ribbons are supplied on a 0.5 inch cardboard core with the ink facing out.*
