# Honeywell

## Honeywell Sensing and Control

## 3455RC 01000230

3455RC Redi-Temp Series Ceramic Automatic Reset Thermostats

Actual product appearance may vary.

#### Features

- Cost effective
- Rivet sleeve
- construction
- High profile
- High temperature
- High current

### table>

Description

Shipped from stock, the 3455RC Series thermostats are often suitable for applications such as copy machines, power supplies, telecommunications and ovens. UL, CSA and European approval agencies listings available.

Potential

Ovens

**Applications** 

Copy machines

Power supplies

• Telecommunications

Office copy machines

| Product Specifications          |  |
|---------------------------------|--|
| Functional Properties           | Open on rise   |
| Reset Type                      | Automatic  |
| Amperage                        | 15 A/10 A resistive max.   |
| Voltage                         | 120 Vac/240 Vac  |
| Operating Temperature<br>Range  | 0 °C to 260 °C [32 °F to<br>500 °F]                              |
| Environmental Exposure<br>Range | -20 °C to 287 °C [0 °F to<br>550 °F]                             |
| Open Temperature                | 73.9 °C [165 °F]   |
| Close Temperature               | 57.2 °C [135 °F]   |
| Open Tolerance                  | 2.8 °C [5 °F]  |
| Close Tolerance                 | 4.4 °C [8 °F]  |
| Dielectric Strength             | MIL-STD-202, Method 301;<br>2000 Vac 60 Hz - Terminal<br>to Case |
| Insulation Resistance           | MIL-STD-202, Method 302;<br>500 MOhm                             |

| Contact Resistance | MIL-STD-202, Method 307;<br>0.050 Ohm max. |
|--------------------|--|
| Housing Material   | Ceramic                                    |
| Contact Material   | Silver/nickel alloy                        |
| Approvals          | UL, CSA, VDE                               |
| Mounting           | B203S moveable bracket                     |
| Series Name        | 3455RC                                     |
