AML75BBC

AML75 Series Panel Seal for Rectangular Pushbuttons

Features

- Provides protection from contamination from accidental beverage spills, dust, and dirt.
- Easy to install, without tools No effect on display color, light intensity, or legend quality.
- Replace seal or change lamps without removing switch from panel.

Description

The design complements AML's functional appearance, creating a pleasing framed effect around the button. It consists of a matte black plastic base which press-fits between the panel and switch bezel, and a transparent flexible seal which snaps into the base.
