

USB Coil Cord, Latching Type A Male / Type B Male

Features for this product

- Latching USB A connector provides mechanical retention to mating connectors
- Tough, durable polyurethane jacket enhances recoil memory
- Gold contact plating provides reliable connections with repeated mating cycles
- Foil plus braid shield provides maximum protection against EMI/RFI
- USB Revision 1.0, 1.1, and 2.0 compliant

This unique cable assembly features a polyurethane jacketed coil cord plus a latching Type A USB connector providing improved mating retention with any USB Type A jack. The latches lock into the channels on each side of a USB jack when fully mated. Retracted length is approximately 2.5 feet expanding up to 10.5 feet. Fully shielded and USB 2.0 compliant, this cable contains two 28 AWG power conductors plus one 28 AWG twisted pair for the data lines. Color is black.

USB Revision 2.0 Compliant Bulk Cable

This cable will support the 480 Mbps transmission rate of a USB 2.0 network and is also backward compatible with older, slower USB networks. USB bulk cable features two 20 AWG power conductors plus one 28 AWG twisted pair for the data lines. A flexible PVC jacket covers the braid, foil and drain wire shield. Choose from 100, 500 or 1000 foot spools. Jacket color is Light Gray.

CSUSB-500	USB Revision 2.0 Compliant Bulk Cable, 500 ft Spool	Lt. Gray
CSUSB-1000	USB Revision 2.0 Compliant Bulk Cable, 1000 ft Spool	Lt. Gray

USB Connectors and Hoods, Type A and B

USB connectors and hoods are now available for custom lengths and applications. The USB connector system is becoming the connector of choice for many applications due to its low material and labor costs. Connectors feature gold plated solder contacts, nickel-plated steel shells and a UL94V-0 rated housing. Hoods are Light Gray ABS resin and are also UL94V-0 rated.

Tip How does the latching USB connector work?

STEP 1

Latch

Insert the latching USB connector into the USB jack.

STEP 2

Latch in channel

The latches on each side of the connector lock into the channel cut-outs of any USB jack. Note: It may be necessary to rock the latching connector slightly to set the latches into the channels.

STEP 3

Depress Latch

To remove the latching USB connector, simply depress the release mechanisms on the sides of the backshell and pull apart.

Pull apart

Mountable USB Extension Cable - Type A Connectors, 30 Microinches Gold

Tired of trying to connect your USB cable to the hard to access port on the back of your PC? Try this convenient cable and make this problem go away! Featuring a USB Type A plug for the PC connection and a unique USB Type A jack, the user can mount this jack to any surface with either screws or double sided foam tape (both are provided). Fully shielded and USB 2.0 compliant, this cable contains two 20 AWG power conductors plus one 28 AWG twisted pair for the data lines and rugged molded backshells. Cable length is 2 meters (6.6 feet). Color is Light Gray.

Tip Advantage of using the USB mountable extension cable assembly

Connecting a cable to the hard to access USB port on your PC can be difficult.

STEP 1

Simply connect the mountable extension cable once to the USB port on the back of your computer.

STEP 2

Mounting option 1

Connector
Adhesive Tape
Work Surface

Mounting option 2

Screws

This cable can be mounted to your PC monitor or any work surface. Choose your preferred mounting option using either the double sided adhesive tape or screws provided. Your USB port is now easy to access.

Suggested Uses:

- Digital Cameras
- MP3 Players
- External Hard Drives
- Test Environments
