

Double Shielded 26 AWG Stranded Cat 5E RJ45/RJ45 Patch Cord 150.0 Ft

Features for this product

- Double Shielded Foil + Braid Design Reduces EMI/RFI Interference
- Low Smoke Zero Halogen Jacket for Environmental and Safety Concerns
- 26 AWG Stranded Conductors for Flexibility
- Stock Lengths available up to 300Ft

When a regular shield is not enough, L-com's exclusive double-shielded patch cables are ideal. EMI/RFI interference is drastically reduced due to L-com's superior cable shielding, a combination of a 100% foil plus a 60% braid shield. The Low Smoke Zero Halogen jacket allows this industrial patch cable to meet today's environmental and safety requirements. With 26 AWG stranded conductors, this cable is flexible and easy to install even in tight spaces. We stock in full lengths up to 300 feet so that equipment runs can be pulled directly and simply plugged into either end.
