

TRIGGER TORCH™ MODELS MT-76 & MT-76K

Quick Jump:

A professional quality, hand held or table top, butane-powered, self-igniting trigger torch, soldering iron and flameless heat tool

- MT-76 includes soldering iron and heat tip for soldering up to 752°F/400°C and heating up to 932°F/500°C.
- Kit includes trigger torch, removable stand, 5" wire cutter, 5" needle nose pliers, solder tip, heat tip, shrink attachment, polyfoam cutter, hot knife tip, roll 60/40 solder, and stand with sponge packed in a durable plastic case.
- Gas adjustment wheel provides adjustable long blue torch flame with temperatures up to 2,500°F/1300°C.
- Incorporates "trigger" switch with "pulldown" lock to meet Consumer Products Safety Commission (CPSC) Requirements.
- Incorporates a "hands free" slide lock for continuous use and instant off operation.
- Unique shutter lever extinguishes ignition flame before using soldering or heat tip to prevent overheating.
- Ergonomic handle design ensures a non-slip grip. Removable base for table top or hand held use.
- Unit is shipped without fuel. Use with Master Ultratane® Butane for best performance.
- Use to heat parts, ignite materials, melt plastic, pinpoint torch, shrink tubing, solder & desolder, terminate specialty connectors and more.

MT-76K

ULTRATANE® BUTANE

Use Master Ultratane Butane for best performance. The only approved butane recommended to fuel all Master butane powered products.

Users should independently evaluate the suitability of the product for their application.

WARNING

The Department of Transportation Hazardous Material Regulations forbid carriage of butane or other flammable gas products on passenger aircraft. Do not pack this item or any other flammable gas item in any checked or carry-on baggage.
