Adjustable Precision Wire Strippers

These Precision Wire Strippers feature an adjustment dial that allows the operator to select one of six different settings.

A calibrated wire stop can then be adjusted for the desired insulation strip length. In a single motion, the operator squeezes and pulls the tool. This action engages four specially hardened blades to cleanly cut the wire insulation while the pulling motion breaks the insulation / conductor bond.

- Adjustable to six wire gauges:
ST-450 26 to 36 AWG
ST-500 20 to 30 AWG
ST-500ESD 20 to 30 AWG
ST-550 18 to 28 AWG
- Calibrated Wire Stop adjustable to 2" (50.8mm)
- Clean, precise strip of any insulation type
- Lightweight-weighs 1 oz.
- Blade is hardened steel (RC58)
- Dimensions 3.9" x 1.6" x 0.6"
(99 mm x 42 mm x 14 mm)
