

MTHH-C

- For use with Custom Length Banding System (MBS and MBH Banding)
- To use, take one end of the cut banding and bend back 1/2" (13mm). Take a self-locking head and slide it the entire length of the band until it reaches the bend. Bend tail flat against bottom of banding head to complete assembly.
- Self-locking head design speeds installation and locks into place at any length along the tie body

■ Part Number	MTHH-C
■ RoHS Compliancy Status	Compliant
