TECHSPRAY®

Your **One Source** for Precision Cleaners.

RoHS Compliant ✓
"Always was...always will be"

SUPERIOR **DUSTER** LINE FOR **PRECISION** APPLICATIONS

Techspray's duster and freezer line blows away the competition along with lint, dust, and other contaminants. Every product is manufactured to exacting standards, which maximizes product purity, and guarantees Techspray dusters are safe for electronics and other sensitive applications.

Economy HFC-152a Dusters

Not for use on powered electrical equipment, on hot surfaces, and around open flames or sparks.

1673-10S 10 Ounce Aerosol

Non-Flammable HFC-134a Dusters

1671-8S	8 Ounce Aerosol	1671-10RS	10 Ounce Aerosol refill (for use with 1928)
1671-10S	10 Ounce Aerosol	1928	1 Chrome trigger
1671-15S	15 Ounce Aerosol	1671-10SK	10 Ounce Aerosol w/ multi-directional spray attachment

High Velocity & Non-Flammable HFC-134a Dusters

1697-10S	10 Ounce Aerosol
1697-8S	8 Ounce Aerosol with 360° valve

High Precision Freezer

Used for troubleshooting intermittently faulting capacitors, resistors, semi-conductors, and other defective components. It can also increase visibility of cold solder joints, cracks in printed circuit boards, and oxidized junctions.

Freezer	Anti-Static Freezer
Non-Flammable Chills down to -62°F (-52°C)	Non-Flammable Chills down to -40°F (-40°C)
1672-10S 10 Ounce Aerosol	1747-10S 10 Ounce Aerosol
1672-15S 15 Ounce Aerosol	1747-15S 15 Ounce Aerosol
