

Instant Lead Testing Swabs

2515

Introduction

Techspray's new LeadCheck® swabs are a fast, easy-to-use method of testing components and solder joints for lead solder. Incoming components and boards, in addition to existing inventories, can be checked for RoHS compliance. This avoids mixed lead and lead-free inventories, lead contamination in RoHS compliant work areas, and potential penalties for shipping non-compliant products.

- Features / Benefits
- Instant Results
- RoHS Screening for PCB and Components
- Non-Destructive Test
- Non-Hazardous

Chemical Components

Tartaric Acid.....	(87-69-4)	<1%
