

Generic photo of the product

Main technical characteristics of this part number

For monitoring	<i>Emergency stop</i>
Max. category accord. EN954-1	<i>4</i>
Nb of safety circuits	<i>3 N/O</i>
No. of additional circuits	<i>-</i>
Indication	<i>3 LED</i>
Power supply	<i>AC/DC 24V</i>
Synchro time between inputs	<i>Infinite</i>
Response time	<i>< 40 ms</i>
AC-15 breaking capacity	<i>C300</i>
DC-13 breaking capacity	<i>24V/1.5A - L/R 50ms</i>
Minimum voltage and current	<i>17V/10mA</i>
Dimensions (mm)	<i>114 x 22,5 x 99</i>
Connection	<i>Separate, plug-in terminal block</i>
Degree of protection	<i>IP20 (terminals) IP40 (casing)</i>
Feature	<i>-</i>

Generic description of the product

Preventa XPS security light barrier monitoring module

These safety modules monitor light guard circuits to protect access to a danger zone. Depending on the model they meet the requirements of a category 2 or 4 (maximum) solution according to EN954-1.
