

Generic photo of the product

Main technical characteristics of this part number

| Form | Cylindrical standard A |
|---------------------------------|------------------------|
| Nominal sensing distance Sn (mm | 8 |
| Operating zone | 0.88 mm |
| Metallic environment | Non flush-mountable |
| Detection face | Frontal |
| Connection | Cable 2 m |
| Indication | - |
| Material | PBT |
| Dimensions in mm | M18 x 1 (thread) |
| Type of body | Fixed |
| Supply voltage | DC 1224 V |
| Type of exit | 2 wire 420 mA |
| Switching current (mA) | - |
| Output function | Analogue 420 mA |
| Frequence of switching | 500Hz |
| Certifications | CE. UL/CSA |
| CENELEC standards | Form A |
| Degree of protection | IP67 |
| Temperature of operation | -25°+70°C |
| Cable material | PvR |

Generic description of the product

| Osiprox XS | 3 analog | sensor |
|------------|----------|--------|
|------------|----------|--------|

Technological applications: monitoring of positioning, movement, deformation (detectors with analog output signal).
