EZL-100 Thermal Label Printer

EZ as 1-2-3...press, type, and print!

EZL-100® Thermal Label Printer

- One-touch hotkeys create labels instantly for wire wrapping, terminal blocks, device covers, patch panels, and labels in a series
- Symbols for common electrical and datacom applications, including ohm, ground, phone, data, and fax
- Five print sizes including XS, S, M, L, and XL
- Horizontal and vertical print orientation
- Automatically underlines the number 9 to prevent confusion on wire and cable
- Memory stores up to eight custom labels and automatically recalls last label
- Auto-shutoff saves battery life by turning printer off after five minutes (if idle)
- Backlit display can be turned on or off for use in low lighting conditions
- Multiple line printing of up to four lines per label
- Barcode printing of two of the most commonly used barcodes — Code-39 and Code-128
- Durable/non-smearing thermal transfer technology
- Multiple power sources uses six "AA" batteries or AC adapter (not included)
- Large display with 2-line x 15-character views (30 total)

- A Large, Backlit Display
- B One-Touch Hot Keys
- C Electrical and Datacom Symbols
- D Rugged Printer Construction with Rubber Boot Included

At last, a label printer designed for electricians and the way they work! T&B's new EZL-100 Label Printer packs everything you need to make wire marking fast and simple.

T&B's EZL-100 printer features handy "Hot Keys," a one-touch method to make labels for wire wrapping, patch panels, labels in a series, terminal blocks, and more. There are also common electrical and datacom symbols at your touch. And its rugged design ensures years of use.

Best of all, our permanent-adhesive labels won't smear. You'll wrap up your job with attractive, easy-to-read wire labels that'll make your work easier and safer. All for a price that's easy on your wallet.
