P-Touch® Labeling Systems

PT-7600

Rechargeable, Download-Ready Industrial Labeling Tool

Main Features

Rugged and designed for productivity, the PT-7600 comes with everything you need for labeling large jobs onsite and on demand. Rubber impact guards protect the PT-7600 from bumps and rough handling, and the rechargeable battery with the bright backlight display lets you work where you need to.

Brother® smart technology makes the PT-7600 simple to use: just type and print a label or design custom label templates on a computer, download to the PT-7600 and then quickly recall and print labels. Link the label templates to a Microsoft® Excel® or Access® database, transfer files to the PT-7600 and then print a label by simply searching on a key word and editing any field.

Comes with 164 industrial symbols or download a company logo or any graphics you would like to add to a label. Includes software, strap, rechargeable battery, AC adapter, USB cable, tape and carrying case.

- Rugged Design with Rubber Impact Guards
- Design & Download Label Templates
- Transfer, Edit & Print From a Database
- Download Logos & Other Graphic Files
- Brother® Smart Technology – Just Type & Print a Label!
- Bright, Easy to See Backlit Display
- Software, Rechargeable Battery Pack & AC Adapter Included
- 164 Industrial Symbols
- Bar Code Label Printing Solution
- 2 Year Limited Exchange Warranty
